I was by a shelf today and I
need some help.

SAMPLE

The work was in a mess on the floor. It fell.

SAMPLE

It was too big for me to pick up, so I held it until I got help.

I got snack, but the
crackers were old. That was
sad.

SAMPLE

I will go to get a new work,
but I see a kid who also
needs help.

SAMPLE

I saw them drop glass by the shelf. They need a lot of help.

SAMPLE

I got a broom so it can be swept up. I held the dustpan.

I think about how to mop
the water so there is not
mold.

Then, I pick up silk from the fabric box by another shelf.

I can help a lot today. I can
offer grace and assist.

I gave a lot of help by each shelf.
